ALLOCATION TO SUBCOMMITTEES OF BUDGET TOTALS
FROM THE CONCURRENT RESOLUTION, FISCAL YEAR
2005

SEPTEMBER 8, 2004.—Ordered to be printed

Mr. STEVENS, from the Committee on Appropriations,
submitted the following

REPORT

The Committee on Appropriations submits the following report pursuant to section 14007 of Public Law 108-287 and section 302(b) of the Congressional Budget Act of 1974, as amended.

The Budget Act requires that as soon as practicable after a concurrent resolution on the budget is agreed to, the Committee on Appropriations shall submit to the Senate a report subdividing among its subcommittees the new budget authority and total outlays allocated to the Committee in the joint explanatory statement accompanying the conference report on such a resolution.

Under the provisions of section 301(a) of the Budget Act, the Congress shall complete action on a concurrent resolution on the budget no later than April 15 of each year. In the absence of such congressional action, on August 5, 2004, the President approved the Department of Defense Appropriations Act, 2005, (Public Law 108-287). Section 14007 of that act provides section 302 allocations to the Committee on Appropriations for fiscal year 2005.

This approach is not without precedent. A similar procedure (S. Res. 308; 101st Congress) was agreed to in the Senate on July 12, 1990, providing allocations for the Committee for fiscal year 1991. A similar resolution (S. Res. 209; 105th Congress) was agreed to in the Senate on April 2, 1998, providing allocations for the Committee for fiscal year 1999.

The Committee notes that section 14007 of Public Law 108-287 also permits further adjustments as allowed under the terms of the conference report on S. Con. Res. 95, the concurrent resolution setting forth the congressional budget for the United States Government for fiscal year 2005, as contained in House Report 108-498, filed in the House of Representatives on May 19, 2004.

Set forth below are the allocations to subcommittees:
